

## SPECIAL STAMPS FOR PARCELS POST

### Assistant Postmaster Reed Warns Against Using Or- dinary Stamps

Richard Reed, assistant postmas-  
ter, warns the patrons of the lo-  
cal postoffice against using any or-  
der but parcels post stamps on arti-  
cles to be sent by parcels post. Pa-  
ckages not bearing such stamps  
will be held up and forwarded to the  
dead letter office at Washington  
D. C.

The parcel post stamps are a  
novelty as they are all printed in one  
color—red on white, while the post-  
age due stamps are printed in green.  
The parcel post stamps measure one  
by one and one-quarter inches be-  
tween the perforation lines. In a  
curved panel across the top, sup-  
ported by paneled perpendicular col-  
umns at each end, appear the words  
"U. S. Parcel Post," in Roman cap-  
ital letters. Triangular ornaments  
occupy both upper corners. The de-  
nomination in larger numerals is in  
each lower corner with the title of  
the subject and the word "cents"  
or "dollar" between. The subjects  
of the stamps are:

One cent, postoffice clerk; 2 cents  
city carrier; 3 cents, railway postal  
clerk; 4 cents, rural carrier; 5 cents  
mail train; 10 cents, steamship and  
mail tender; 15 cents, automobile  
service; 20 cents, aeroplane carrying  
mail; 25 cents, manufacturing; 50  
cents, dairying; 75 cents, harvesting,  
and fruit growing.

The parcel post due stamps are  
one by one and one-half inches be-  
tween the perforation lines. In  
horizontal panel across the top are  
the words "U. S. Parcel Post" and  
in a similar panel at the bottom,  
"Postage Due" in Roman capital  
letters. In the center upon a back-  
ground of lathwork and within a  
circle frame is a large numeral ex-  
pressing the denomination. The up-  
per half of the circular frame car-  
ries the denomination in words  
which are repeated in the lower  
half except that the words expressing  
the denomination appear but once  
upon the 25 cent stamp. Small nu-  
merals of value are on both sides of  
the large central number.

## WHO GAVE HIM LIQUOR

### Government Will Prosecute Men Who Sold Blue Sky Booze

It is intimated that the federal  
authorities will investigate the sell-  
ing of Chief Was-a-quan-a-na-be by  
his son, John Blue Sky, on the Lac  
du Flambeau reservation and if possi-  
ble learn where Blue Sky obtained  
the whiskey which was responsible  
for his condition on the day he com-  
mitted the crime.

It is reported that Blue Sky had  
no difficulty in securing liquor and  
if this is true the government will  
prosecute to the limit the men who  
sold it to him.

## RECEIVES \$200 FINE

### Mrs. Ed. Frey Gets Light Sentence For Adultery

Mrs. Ed. Frey of Three Lakes plead-  
ed guilty before Judge Parsons at  
Antigo Thursday and was fined \$200  
and costs. The charge against her  
was adultery. George Noels of Three  
Lakes pleaded guilty to a similar  
charge and was sentenced to one  
year in the state penitentiary.

Mr. Frey, husband of the woman,  
appeared in court and requested that  
the Judge be easy with her as he  
was willing to take her back home.  
He informed the court that the  
woman has two little children who  
require her care.

Mrs. Frey and Noels were arrested  
in an Antigo hotel after they had  
been traced there by officers from  
this city.

## PERKINS EASILY FINISHES GODFREY

### Bout in Hurley On New Years Night Only Goes Two Rounds

Billy Perkins, Rhinelander's cle-  
ver middleweight, settled the ques-  
tion for all time with Art Godfrey of  
Duluth in Hurley New Year's night.  
In the second round of a scheduled  
ten round contest, Perk-  
y began to administer such severe pun-  
ishment to the lad from the Twin  
Ports that the Hurley police jump-  
ed into the ring and stopped the bout.  
If the officers had not taken a hand  
in the game Godfrey would have  
been knocked out in a twinkling.

The showing of the Duluth won-  
der was a keen disappointment to  
the large crowd of fans in attendance.  
That he is going back rapidly as a  
boxer is very evident. The an-  
nouncement of his retirement from  
the ring at any time now would come  
as no surprise.

In the initial round of his go with  
Perkins New Years, Godfrey made  
a terrific lunge at the local boy but  
Billy was as quick as a panther and  
the blow only fanned the ozone. This  
exertion, it is claimed by Godfrey  
wrenched his body and put him out  
of trim. In the next round Billy  
went after his man with the inten-  
tion of ending the mix and was swift-  
ly reducing Godfrey into hamburger  
when the authorities interfered.

Perkins, at the rate he is travel-  
ing, will soon be in the "top notch-  
er" class. He has several bouts ar-  
ranged for the remainder of the  
winter.

## EAGLES ENTERTAIN

### Rhinelander Birds Hold Installation and Social Session

The hall of Rhinelander Aerie 255  
P. O. B. was the scene of merriment  
Wednesday night when the birds  
held installation of officers and en-  
tertained at a social session and  
lunch. A number who are not mem-  
bers of the order were present and  
hugely enjoyed the hospitality of the  
feathered brothers. Songs, story  
and feasting filled the program  
which continued until the early  
hours.

Rhinelander has one of the largest  
and most enthusiastic Eagle Aeries  
in the state and the lodge continues  
to grow.

#### IMPROVE BEACH HOTEL

Improvements on the Beach Hotel  
at Pelican Lake amounting to over  
\$25,000 will be made this year. Work  
on the building has been in progress  
for some time and it is planned to  
have everything in readiness for the  
opening of the tourist season. Hot  
and cold water will be installed in  
twenty-five guest rooms and the en-  
tire hotel will be lighted by a pri-  
vate electric lighting plant.

The name of the hotel will be  
changed to the "New Beach Inn."

## MRS. L. C. KIRK DIES SUDDENLY

### Well Known Resident Suc- cumbs To Heart Failure Friday Night

Rhinelander people were greatly  
shocked Saturday morning to learn  
that Mrs. L. C. Kirk had passed a-  
way during the night from heart  
failure. Mrs. Kirk had been in poor  
health for about seven years al-  
though she was able to be about  
the larger portion of the time.

She was in the Racket Store with  
her husband all day Friday and Fri-  
day evening until about 8:30 o'clock  
when they closed the store and  
went to their apartments on the  
second floor. At this time Mrs. Kirk  
was seemingly in her usual good spir-  
its. At about 9:30 she retired and  
slept until 10:30 when Mr. Kirk,  
who sat in an adjoining room, read-  
ing, saw her go to the bath room.  
Shortly after her return to bed she  
was seized with an attack of cough-  
ing. Mr. Kirk rushed to the bed  
and found her in an unconscious con-  
dition from which she never rallied.  
A physician was summoned but up-  
on his arrival the spark of life had  
fled.

Ella Willmuth was born in Law-  
renceburg, Ind., 41 years ago. She  
spent the greater part of her life  
there, going to Petoskey, Mich., in  
1899 where she married Mr. Kirk.  
In 1900 they moved to Rhinelander  
and opened the Racket Store.

The funeral was held Monday af-  
ternoon from the residence; Rev. B.  
G. Clemans of the M. E. Church offi-  
ciated. The remains were laid to  
rest in Forest Home Cemetery in a  
bed of flowers contributed by loving  
friends.

Mrs. Kirk leaves a sorrowing hus-  
band and a host of friends to mourn  
her. Her mother, father, sisters  
and brothers all preceded her in  
death many years ago. Although de-  
ceased had long been an invalid,  
she was always of a cheerful disposi-  
tion which endeared her to the hearts  
of all who knew her. Her loss is  
saddly felt and to the husband deepest  
sympathy is extended.

## BANQUETS HIS FRIENDS

### F. E. Parker Gives Spread For Fifty Monday Night

F. E. Parker again proved him-  
self to be a "good fellow" Monday  
night when at his invitation some  
fifty friends assembled at the K. of  
P. hall and were treated to a ban-  
quet royal. The menu consisted of  
chicken, fried oysters and other  
dainties and was prepared by Steve  
Nikie of the Davenport restaurant.

After the table had been relieved  
of its burden of good things the party  
spent the hours in a social way.  
It was one of the biggest events ev-  
er pulled off in the K. of P. hall  
and will always linger as a bright  
spot in the memories of all present.

tle monthly publication issued by  
St. Augustine's church, has made its  
appearance for January. The book-  
let is well filled with interesting

to the church and congregation and  
carries a liberal amount of advertis-  
ing.

## SYSTEM AN OUTRAGE

### Ernest Alton Of Plum Lake Scores Reforestation Plan

Ernest Alton, chairman of the town  
of Plum Lake, Vilas county, was in  
the city Monday.

In the opinion of Mr. Alton the re-  
forestation system of this state is  
an outrage and is doing more toward  
checking the progress of Northern  
Wisconsin than any other cause.  
In Plum Lake the state now owns a  
little over 21,000 acres and are nego-  
tiating for more. Taxes in the town  
have nearly doubled and many tax-  
payers refuse to pay. Mr. Alton de-  
clares that it is high time for the  
legislature to take action on this  
grave problem.

Mr. Alton says that after a long  
controversy Vilas county has made a  
settlement with the Hennepin Bridge  
company of Minneapolis. The com-  
pany first demanded \$7500. for bridge  
construction in the county but it  
was shown up that the company's con-  
tracts were not legal. The county  
offered to settle with the company  
for \$5,000 and finally this amount  
was accepted.

## OLD INDIAN CHIEF MURDER VICTIM

### Young John Blue Sky Kills His Aged Father, Wa-sa- quan-a-na-be

Old Chief Wa-saguan-a-na-be of  
the Lac du Flambeau Indians, is no  
more. He was murdered Christmas  
day and his son, John Blue Sky, is  
held responsible for the crime. From  
the Vilas County News is taken the  
following story of the famous old  
red man's death:

Chief Wa-saguan-a-na-be, head of  
the Flambeau Indians, is dead. Killed  
by the hand of his son, John Blue  
Sky, the old chieftain is no more  
and his spirit, according to Indian  
tradition, has gone to the Happy  
Hunting Ground, the land of the  
Great Spirit.

The day before Christmas the son  
of old Wa-saguan-a-na-be (meaning  
Blue Sky in English) went to Wood-  
ruff and there imbibed too freely  
of the fire water. On his return he  
carried liquor too the fireside of his  
tepee and Christmas day of 1912 will  
long be remembered by members of  
the tribe.

John Blue Sky proceeded to beat  
up his sister and then beat the old  
Chief Blue Sky into insensibility,  
fracturing his skull and causing a  
hemorrhage of the brain which  
caused his death.

At the inquest held at Flambeau,  
Monday night the jury found that  
Chief Blue Sky came to his death  
by blows struck him by his son  
John Blue Sky.

## PLEASING PROGRAMS

### High Class Vaudeville and Pictures At Majestic

"The Brownies," who held the  
boards at the Majestic theater sev-  
eral nights this week form one of  
the cleverest vaudeville teams ev-  
er appearing in this city. The Irish  
comedian is original in his make-  
up and his witty sayings kept the  
audience in a tempest of merriment.  
His team mate is a good singer and  
both can dance.

Aside from the frequent vaude-  
ville acts at the Majestic fine pro-  
grams of up-to-date pictures are  
given nightly. The military orches-  
tra also gives entertaining con-  
certs three times a week. It is a  
big show for a little price and nev-  
er fails to draw the crowds.

#### SHARETTE WANTS BOUT

Young Sharette of this city chal-  
lenges any 125 pound boxer in the  
country. He is anxious to meet  
the best of them at this weight. Ad-  
dress him personally or write Sport-  
ing Editor of New North.

## MONTHLY MEETING OF CITY COUNCIL

### Reject Mayor's Appointment— Appeal to State Tax Com- mission

The regular meeting of the common  
council met Tuesday evening. All  
members present except Alderman  
Pecor, Mayor Braeger in the chair.  
The usual monthly bills were allowed.  
City Attorney Steele again pre-  
sented his resignation which was ac-  
cepted. The council by ten of eleven  
aldermen present petitioned by re-  
quest that the mayor appoint At-  
torney Charles W. Fricke, city attorney.

The mayor refused to comply with  
their request. He then appointed  
Chas. F. Smith city attorney. The  
council rejected the mayor's appoint-  
ment by a vote of 8 to 3. Now the  
city is without a city attorney. Nei-  
ther can the mayor appoint Mr. Smith  
as the statutes of 1909 show, Sec-  
tion 925 38 b reads "The appoint-  
ments to public office by the mayor  
of all cities shall be subject to con-  
firmation by the common council,  
unless otherwise provided by law.  
An appointee to an office rejected by  
the common council shall be intel-  
ligible for appointment to the same  
office for one year thereafter."

A very important resolution was  
passed appealing to the State Tax  
Commission against the action of the  
County Board for its apportioning  
the taxes among the several towns  
and the city of Rhinelander. This is  
an important step and no man can  
forsee on whom the burden of re-  
adjustment by the State Tax Com-  
mission will fall as shown by the law  
on this subject. Stevens Lumber  
Company petitioned the council to  
relieve them for overcharge in taxes  
on the mill property. This was  
referred to a committee appointed by  
the mayor. A resolution was in-  
troduced by Alderman Crosby as  
envoy of the Woman's Club to  
prohibit the opening of the billiard  
hall and the skating rink on Sundays.

### A. J. O'MELIA Youngest Dist. Attorney in Wisconsin

Oneida county claims the youngest  
district attorney in the state. Al-  
bert J. O'Melia, who took office  
Monday, is only 23 years of age. He  
graduated from Marquette University  
with the law class of 1911 and began  
practicing in this city. He has be-  
come one of the most popular at-  
torneys in this section of the state.

### MR. AND MRS. E. J. BERRY HERE

Mr. and Mrs. E. J. Berry of Glen-  
dive, Mont., were in the city Sat-  
urday and Sunday visiting old friends.  
They spent the holidays with Mr.  
and Mrs. D. L. Jenkinson in Minoc-  
qua.

Mr. and Mrs. Berry are former  
Rhinelander residents, he having  
been engaged in business here two  
years ago. Since leaving this  
city Mr. Berry has acquired a large  
fortune in Glendive. He owns the  
leading hotel there, a large ranch  
within a short distance of that city  
and other real estate.

Mrs. A. E. Pierce gave a shower  
Wednesday evening to Miss Whit-  
ford Joslin, whose marriage to Guy  
Waldo of Park Falls takes place in  
this city, Tuesday January 21.

## ANNUAL MEETING

### Merchants State Bank Stockholders Re-elect Officers

The annual meeting of the stock-  
holders of the Merchants State Bank  
was held at the Bank building Wed-  
nesday evening. The financial report  
of the bank for the year 1912 show-  
ed a splendid growth. All stockhold-  
ers were more than pleased with the  
year's showing. Future plans were  
discussed and it was decided that  
steps would be taken to promote  
the best interests of stockholders  
and depositors.

The following directors were re-  
elected:  
Directors—E. O. Brown; S. H.  
Alban, B. R. Lewis, Paul Browne,  
W. E. Brown, A. Sierwright, C. F.  
Barnes.

Immediately after the stockholders'  
meeting the directors met and invit-  
ed the stockholders to remain.  
The following officers were re-  
elected:

E. O. Brown, President.  
B. R. Lewis, Vice President.  
M. H. Raymond, Cashier.  
L. A. Leadbetter, Asst. Cashier.

## MRS. A. STEWART IN SANITARIUM

### Prominent Antigo Woman Held For Blackmailing Adjudged Insane

Mrs. A. D. Stewart of Antigo, a  
former resident of Rhinelander, who  
was recently arrested on the charge  
of blackmail and bound over for trial  
in circuit court, has been adjudged  
insane and is now receiving treat-  
ment in a private sanitarium in Mil-  
waukee.

The insane examination was con-  
ducted by Drs. F. V. Watson and W.  
J. Donohue and their reports duly  
filed with the County Judge states  
the Antigo Journal.

An order of Commitment to the  
Northern Hospital for the Insane was  
made by the County Judge but was  
subsequently withheld when the next  
morning Atty. Hogan appeared be-  
fore the Court and made a motion  
"that the court withhold its issuing  
of the commitment to the Northern  
Hospital for the present for the rea-  
son that Mr. Stewart would like to  
take his wife to a private sanitarium  
at his own expense and have her  
treated and cared for, for a while at  
least and that in event she should  
become worse and could no longer  
be kept in such a private sanitarium  
that the court issue a commit-  
ment of said Maude Stewart to the  
Northern Hospital for the Insane."

From an interview with District  
Attorney TeSelle, it was learned that  
the fact that Mrs. Stewart is now  
in a private sanitarium will in no  
way interfere with the prosecution  
of the case by the State or the Fed-  
eral government. Atty. TeSelle was  
in Milwaukee Saturday and although  
it is not definitely known the na-  
ture of his business there it is pre-  
sumed that his mission was to confer  
with the Federal authorities as to  
the future disposition of the case.

Directors  
Chas. Chafee, President  
A. D. Daniels, Vice-President  
W. E. Ashton, Cashier  
R. J. LaSelle, Asst. Cashier.  
The following directors were re-  
elected:

## EVENTS OF WEEK IN OTHER TOWNS

### Items Of More Or Less Importance Boiled Down From Neighboring Exchanges

#### Park Falls—

The plant of the Park Falls Manufacturing company in this city was totally destroyed by fire last Tuesday. The plant had been in operation only a few days after having been closed several weeks for repairs. About fifty men are thrown out of employment by the fire. It is stated on good authority that the company intends to rebuild the mill as soon as possible.

#### Mattson—

The Hiller Hotel, one of the largest buildings in this village, is in ruins as the result of a fire which originated from a gasoline tank. The building was valued at \$7,100, partly insured. The general store of Peter Lookaround in Neopit was also destroyed by fire causing a loss of \$10,000 with insurance at \$6,000.

#### Eagle River—

The carcasses of two splendid buck deer, the antlers of which were firmly fastened in a deadlock, were found frozen in the ice of the Wisconsin river near Conover by Peter Hedeon and a man named Bergstrom. The men had occasion to cross the river when they saw what appeared to be a deer hide frozen in the ice. Investigation proved it to be two monster bucks with their horns secured locked.

Both deer were fine specimens with a large even spread of antlers.

#### Hurley—

Rev. James Austin of the M. E. church, has been circulating a petition which will be presented at the next meeting of the town board and city. This move is one greatly appreciated by the children and others who enjoy healthful winter sport. Some action regarding the saloons in the lower end of town which are continually violating the law by permitting questionable women to frequent them. The majority of the business men of Hurley have signed the paper and also many others, both men and women.

#### Bessemer—

After serving twenty years as a justice of the peace in this village, W. J. Haggerson has pleaded guilty to and been fined for extorting illegal costs from persons convicted in his court and for embezzling fines. The matter will be brought before Governor Ferris and it is expected that Haggerson will be removed from office.

#### Stevens Point—

Mrs. Cora L. Ellis of Plainfield has broken all records there for doing carpenter work. She has just completed a barn on her place and did nearly all the work herself. She has erected a model structure, nicely finished, which is in size 16x44 feet and would do credit to any masculine carpenter. No other woman in that vicinity has ever performed such a feat there before.

#### Merrill—

The new sixth ward school building is nearly completed at a cost of \$27,000. The residents of this city take considerable pride in the new structure. It is an object of architectural beauty in its simplicity of appearance and arrangements. It is semi-fire proof and artfully sanitary. The building is of red brick body and is finished inside with birch wood throughout.

#### Marinette—

Albert S. Schwittay, sheriff of Marinette county, under arrest in Detroit for subornation of perjury, was arraigned in recorder's court in Detroit Thursday and pleaded not guilty. He was bound over for trial February 4, and his bond of \$3,000 renewed. The information against Schwittay charged him with inducing a girl to swear falsely that she had accompanied him as matron when he transferred female prisoners from one institution to another, for which services he had charged his county expenses.

#### Prentice—

The News-Courier is informed that Chas. R. Bannerman, a well known real estate man who at the present time has his headquarters at Owen, has secured what is known as the Benson and Anderson tract of land lying southeast of this city, and will carry in the spring open the same up to actual settlement in small tracts. This tract of land consists of 6,640 acres of the best cut-over farm lands in Northern Wisconsin and will be colonized and sold to actual settlers on the installment plan.

#### Ashland—

At the recommendation of the Ashland Press Mayor Dodd has taken

an action toward the establishment of a free skating rink for the children of this city. The rink will be located between Ellis Avenue and Second Ave. West and will be kept clean of snow and lighted at night by the city. This move is one greatly appreciated by the children and others who enjoy healthful winter sport.

#### William Fehrman, while employed as millwright at the Merrill Veneer company's plant, fell into one of the hot water vats Saturday and was scalded, death ensuing a few hours later. He leaves a widow and three children.

## AND HE CAME BACK

After Year In "California" Wisconsin Looks Better

Herman Hammerbeck, after having been lured to California by the booster advertising, where he found conditions unsatisfactory, and returned to Wisconsin, tells the Superior Telegram how it is that the west is able to keep only the good things before the people. It appears that Mr. Hammerbeck wrote the facts for the Telegram while still living in California and the article was reprinted in the papers there. That started things doing. Mr. Hammerbeck adds:

"After that somebody sent me an editorial from a San Diego paper which also gave me a roasting. Out there, no matter what the facts are they roast a man unmercifully for even intimating that there is a better country in the world than California. That's why you seldom hear of failures. They make it very disagreeable for a man who tells the truth if the truth may be construed to the disadvantage of California. For that reason many people hesitate to tell them what they really think of the country."

"My advice to home seekers is just this—buy some of this cheap North Wisconsin land, go to work on it yourself and you will prosper. California is the rich man's land. A farmer with small means has no chance out there and I don't know of a place on the continent, and I have visited many sections, that has as big a future for the farmer of small means and ability to work as North Wisconsin."

## WHOOPEE!

Our local band of Chippewas imitated their pale-faced brothers and celebrated the New Year. The celebration was a day later owing to the delayed arrival of skitterwahoo. Skitterwahoo is the Chippewa word for champagne. The W. & N. right-of-way was the scene of the festivities, a fact that can easily be proven by people who live in that vicinity. The program was long and varied consisting principally of classical warwhoops and up-to-date dances. The porcupine wiggle and Lac du Flambeau clench were easily the best on the card.—Crandon Republican.

## THE FEDERAL BREAD LINE

We're coming, Father Woodrow, a hundred thousand strong; they've kept us out of office for sixteen years too long; we're hungry and we're thirsty, but manna you'll supply; from messenger to cabinet the heads will surely fly; we've waited and we've waited to hear the big horn blow, and now we'll feast on plenty while others eat the crow; and now, from Maine to Texas, you'll hear our battle cry—we're coming Father Woodrow, we're coming for our pie.—Cincinnati Enquirer.

## JORDAN'S ADVICE TO BOYS

Your first duty in life is toward your afterlife. So live that your afterlife—the man you ought to be—may in his time be possible and actual.

Far away in the years he is waiting his turn. His body, his brain, his soul, are in your boyish hands. He cannot help himself.

What will you leave for him? Will it be a brain unspoiled. By lust or dissipation, a mind trained to think and act, a nervous system true as a dial in its response to the truth about you? Will you, Boy, let him come as a man among men in his time? Or will you throw away his inheritance before he has had the chance to touch it? Will you turn over to him a brain distorted, a mind diseased? A will untrained to action? A spinal cord grown through and through with devil grass of that vile harvest we call wild oats?

Will you let him come, taking your place, gaining through your experiences, hallowed through your joys building on them his own?

This is your problem in life; the problem of more importance to you than any or all others. How will you meet it, as a man or as a fool?

## A CLOSE INSPECTION OF OUR STOCK

Will reveal its superior quality and convince you of the wide difference that really exists in lumber. You may imagine that lumber is all the same, but you were never mistaken in your life, if you imagine that. There's as much difference between two boards that pass for the same grade as there is between a plug and a thoroughbred.

We invite a critical examination of our stock, simply because we know it to be much better than the average. **QUALITY.** That's our hobby. When we sell you a bill of lumber we want to know positively that you will be satisfied that you've got the best your money will buy, and will come to us when you want something else in building material.

## ROAD FOREMEN DEMAND

The Milwaukee Sentinel recently published the following item:

"An appeal comes from the State Highway Engineer, A. R. Hirst, for a competent foreman to take charge of road construction in Wisconsin.

In the year 1912 about \$1000,000 worth of road work was done in the state under the general direction of the state highway commission, and during the coming year it is expected the amount of road work done will aggregate \$2,500,000. Last year there were no competent foremen to direct the work and in 1913 this trouble promises to become acute.

"We would like to bring out of the woods every man in the state who has had experience in handling men and tools in moving dirt or building city streets, country roads or railroads," says the state engineer in a letter requesting the assistance of The Sentinel in bringing this subject before the public.

"We want men who have actually served as foremen on work of some importance and believe if we could secure a list of such men we could place most of them at very good wages and at the same time be of service to many counties which find it difficult to secure the right kind of men," he adds.

Will List Foremen  
It is the purpose of the Wisconsin highway commission to prepare a list of competent foremen which will be furnished to all county highway commissioners to assist them in the selection of men to have charge of their work during the coming year.

If such a list can be secured it will solve one of the most serious problems facing the road builders in the state. The campaign of 1912 in road work doubled or tripled the amount of such work ordinarily prosecuted in Wisconsin and 1913 will see another doubling, or more with the result that experienced men from highway engineers to foremen, roller operators, etc., will be scarcer than ever. All such men who are engaged for 1913 should communicate with A. R. Hirst, State Highway Engineer, Madison, Wisconsin, if they desire to be placed in the road work of the state during the coming year.

## SIGNALS OF DISTRESS

Rhinelanders People Should Know  
How to Read and Heed Them  
Disordered kidneys give many signals of distress.

The secretions may be dark, contain sediment.  
Passages are sometimes frequent, scanty, painful.  
Backache is often present day and night.  
Headaches and dizzy spells may occur.

Weakened kidneys should receive quick help.  
Don't delay! Use a special kidney remedy.

Doan's Kidney Pills are for weak kidneys, backache and urinary disorders.

Hackley evidence proves their worth.

Mrs. A. Denoyer, Box No. 83, Hackley, Wis., says: "One of us was troubled by weak kidneys for ten years. He was sometimes laid up for days and could not find a remedy that would give him relief.

Finally I had the good fortune to learn of Doan's Kidney Pills and got a supply. They greatly relieved him and built up his health."

## BOYS' SHORT COURSE

A large, husky negro and a small Frenchman were sawing a large piece of timber with a heavy crosscut saw each in turn pulling it back and forth. A pugilistic Irishman stopped and watched the operation. After a few moments he stropped up to the negro and dealt him a blow, saying: "Give the saw to the little fellow if he wants it."

## WOUNDS WOODSMAN

Saloon Keeper At Pembine Does a Little Shooting

A near tragedy occurred at Pembine Saturday night when John Jensen, a saloon keeper, fired a shot into a crowd of woodsmen who were attacking him. D. E. Berdey, a woodsman of Oconto, was shot through the leg but will recover.

As Berdey made no complaint the authorities did not place Jensen under arrest. Jensen said that "the woodsmen were attacking his" aged bartender and when he interfered they turned upon him. Jensen adds that he fired at the floor to frighten the men but they kept up the fight and he then fired a second time, the bullet glancing and taking effect on Berdey's leg.

## DANGER FROM GRIPPE

Lies in That Cough and Weak, Worn-out Condition.

Grippe, pleurisy, pneumonia, these are greatly to be feared at this time of the year.

To prevent grippe from being followed by either pleurisy or pneumonia, it is important to drive the last traces of it out of the system quickly.

Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly.

Mrs. A. A. Grabbill, of Strasburg, Va., says: "Grippe left me weak, run down and with a severe cough, from which I suffered four years. I tried different remedies, but nothing seemed to do me any good until I took Vinol, from which I received great benefit.

My cough is almost entirely gone, and I am strong and well again, and I am glad to recommend Vinol to others who suffer as I did."

Try Vinol with the certainty that it will do you good. You will give back your money. P. S. For children's Eczema, Sarsaparilla is guaranteed truly wonderful.

John J. Reardon Druggist, Rhineland, Wis.

## PEN MIGHTIER THAN SWORD

The story sent out from Brainard, Minn., regarding the slaughter of fourteen "lumberjacks" in a logging camp near that city, Christmas day was a fake of the rankiest order and originated from the pen of a newspaper correspondent who must have an imagination stronger than horseradish. Newspapers all over the United States were "stung" by the sensational tale.

With the present scarcity of woods labor a newspaper man who will deliberately "kill" fourteen lumberjacks with one stroke of the pen deserves no mercy from the lumber operators.

## WAUSAU WANTS STATE FAIR

One of the bills which will come in for the removal of the state fair from Milwaukee will provide for its removal to Wausau. It is probable that Oshkosh will be an applicant for the fair again. It is not probable either bill will pass as the state board of agriculture is greatly opposed to the removal of the fair from Milwaukee. Wisconsin members are not so generally favorable to the bill as the Wausau people might desire.

We should not complain about the decided increase in valuation and taxes on our homes and small business interests so long as we are to have all those factories on the North Side.

The great office of president of the U. S. is not insulted at "petitions and requests" but a little minded office holder in a small position feels such a step an insult, an infringement on his rights.

It was quite a surprise the other day to pay about half the taxes as of a year ago on the same property in the town of Pelican. We were not surprised in this way in paying our taxes under the present city administration.

Yesterday, Governor McGovern ordered the removal of Herman L. Ekern, State Insurance Commissioner of Wisconsin, for activity in the selection of L. L. Johnson, a LaFollette man, for the speaker. Mr. Ekern denies the charge and the fight goes on. Governor McGovern seems exceedingly sensitive on any thing that savors of LaFollette. Would the Governor have removed Mr. Ekern had he assisted in selecting the McGovern candidate for speaker, Mr. J. Nye of Superior?

The new county officers were installed Monday. It is no longer Sheriff Crofoot and undersheriff Asmundson, but it is Sheriff Asmundson and undersheriff Crofoot. It is also District Attorney Albert O'Melia. Pat Cain took the Treasurership held by Carl Krueger the past two terms. W. W. Carr, County Clerk; E. C. Sturdevant, Clerk of Court, Chas. Davis, Register of Deeds, Charles DeCanter, Coroner and D. H. Vaughan, Surveyor succeed themselves.

**IN MINNESOTA**  
We notice from the report made by the regents of the university of Minnesota, that it costs that state about \$1,600,000 a year to run it. But we have failed to find any great outcry in Minnesota newspapers about the exorbitant cost of running the state university. In fact they all seem to think it is money well spent. But probably Minnesota has no endowed special interests newspapers like the Milwaukee Sentinel, Free Press, Rhinelander News, Wausau Record-Herald and others, run in the interest of some special privilege.—Merrill Daily Herald.

**MAKES STIFF FIGHT**  
As a closing act in a fight by Ed Wolfgram, chairman from the town of Schoepke to detach a part of the town of Enterprise and attach it to the town of Schoepke. Mr. Wolfgram won a plumb in getting several sections for his town as shown by resolutions elsewhere. Mr. Wolfgram put up a stiff fight and made a remarkable showing for a new member of the county board. Certainly his constituents in Schoepke should give Mr. Wolfgram praise for this success. Mr. Henry Miner and Andrew J. McLean, both from Pelican Lake gave Mr. Wolfgram assistance in his undertaking. Chairman Keeler of the town of Enterprise made a splendid losing fight when it is considered that Enterprise had two townships and Schoepke but one. His people should appreciate his splendid work that he did not let Schoepke get all they first asked for.

## SETTLEMENT WITH COUNTY OFFICERS

Board Meets To Approve Officers' Bonds—Adjourns Until January 27

Oneida County Board met Tuesday afternoon to settle with the county officers and approve their bonds. The following board members were present: J. J. Lubold, Crescent; Clifton Keeler, Enterprise; J. M. Scott, Lynne; John Meyers, Monico; Henry Wabker, Sr., Newbold; B. N. Moran, Pelican; Fred Papineau, Pine Lake; Ed. Wolfgram, Schoepke; Wm. Dunn. The following towns were not represented: Cassian, Hazelhurst, Little Rice, Minocqua, Piel and Sugar Camp. The committee settled with the county officers but the bonds of but two officers were accepted as a legal technicality, had been overlooked which is now required, the approval of the insurance commissioner. Aside from passing on the regular bills little other business was taken up. The board adjourned to meet again January 27th to approve of bonds and take up some other business.

The gift was sent to Mr. Lewis as a fitting recognition of the pleasant relations which have existed between the Pritzlaff company and the Lewis company during the past quarter of a century.

## UNDERWOOD TAX CASES

Judge Reid Files Decision In Important Action

Judge Reid has filed his decision in the Underwood tax cases. These cases were brought by Mr. J. P. Underwood of Chicago against the county and Town of Three Lakes to set aside the taxes levied by the town against the lands of the plaintiff for the years 1909 and 1910. Mr. Underwood complained that his lands were valued for assessment for those years for much more than they could be sold for, and that the lands and property of the residents of the town were valued at much less in proportion to their real worth.  
The decision of the court sustains the plaintiff's contention and orders a re-assessment for those two years to be made forthwith, and taxes to be extended on the basis of the new assessment as outlined in the decision.  
Miller and Reers are attorneys for the plaintiff and the Town and County are represented by Mr. Fricke and Mr. J. F. Martin of Green Bay, Wis.  
A baby girl arrived Sunday at the home of Mr. and Mrs. Guy Morrill.

## WOMAN'S CLUB MEETING

Club Requests Council To Act On Sunday Closing

The Woman's Club held its regular meeting Tuesday afternoon. One new member, Mrs. Luther, was admitted to membership.  
Mr. Lewis, as chairman of the Educational committee, reported upon some work proposed by the committee which was endorsed by the Club and motion was carried to invite Supt. Tobey of Wausau to come to our city and give an address on Medical Inspection of Schools, as Mr. Tobey has given this subject unusual attention.

Mrs. Daniels, chairman of the Civic Committee reported upon her investigation of the Sunday closing law. She argued that so long as saloon closing seemed so hopeless a task for a Woman's Club to undertake, let them begin the reformation of the youth by closing the billiard and bowling alleys and the skating rink one of the breeding places of tuberculosis. Mrs. Daniels made a motion that a resolution be drawn up and presented to the council to close these places on Sunday. The motion was carried.

The literary program followed. Mrs. Colburn read a very interesting paper on the life and works of Richard Strauss. Vocal solos were rendered by Mrs. Reers and Mrs. Richards, and an instrumental duet by Mrs. Forbes and Mrs. Hampton and an instrumental solo by Mrs. Hampton. A social hour followed.

## WILL GROW POTATOES

Chicago Men Purchase Large Tract Near Roosevelt

S. P. Weatherly and C. E. Danks of Chicago have purchased from the Chas. Land Company a tract of 1,000 acres near Roosevelt adjoining the Stark tract and will expend about \$25,000 there this year in the cultivation of potatoes. They will erect a large warehouse near the tract or the Soo railway. A lake on the land has been christened Tenderfoot Lake.

The gentlemen were interested in coming to this county by Messrs. Stark and Hess. They had visited twelve other localities in the state before deciding on this investment.

The sale of the land was made by Alderman Prescott Calkins, cruiser and land man of this city.

## Better Days Coming.

"This is the tenth time you have been up before me," said the Cleveland judge severely. "Is it possible, your honor?" replied the prisoner. "Well! well! Ain't it wonderful how long some judges hold office under the old system? But I promise it won't happen again—not after we get the recall to workin'!"

## Couldn't See His Third.

During the cotton-picking season in Texas a colored brother who had gone into the country to work returned very much disgusted. "Don't yo' git no offahs ter pick no cotton!" asked a friend. ## Courage.

As courage is pre-eminently the virtue of men, so it is the virtue which most powerfully challenges the respect and emulation of men. And it deserves this pre-eminence, for it is also the virtue which gives security to all the other virtues.—Lowell.

## He Knew.

"What happens," shouted the candidate, "when you put the almighty dollar before the man?" "The man goes after it," answered the old farmer in the front row.

## Destiny of America.

A nation is not a conglomeration of voters, to be represented by hungry politicians empowered to partition the spoils of office, but a people animated by a common impulse and seeking to work out a common destiny. The destiny of America is mutual service; labor is the corner stone of our nationality; the labor of each for all.—Ralph Waldo Emerson.

## Prolific Penguins.

## THANKSGIVING VISIT TO UNCLE'S FARM

Mother, who went out to Uncle John's farm to pass Sunday before Thanksgiving day, telephoned Tuesday that she would not be home for Thanksgiving because one of the children was sick and Aunt Anna needed her.

"Why don't you run out for the day?" I asked father. "We can get on nicely here and perhaps I can invite somebody in to share our turkey."

"The difficulty is that I've already asked a guest," answered father. "Blakely is in town, and as I knew he'd be pretty lonely at a hotel, I told him that he must come up here Thursday, and now your mother's away!"

Poor father looked so doleful that I felt sorry for him in spite of the fact that he had spoiled a plan of mine for Thanksgiving day. So I assured him that I would do my best to take mother's place.

"You needn't put on any extra frills for Blakely," said father. "He's the sort of man who likes good old-fashioned home cooking."

"I smiled at this, for I knew that Mr. Blakely lives at one of those exclusive New York clubs, where back-servers become more and more pampered and fastidious. I silently determined to have a dinner that would do credit to the family.

"You know, Loclie," said Cousin Fannie, when I told her that we should begin the dinner with Oyster and bouillabaisse. "That your father's appetite taken off by anything before the turkey?"

"But," I replied, "it would be impossible to begin with turkey. Mr. Blakely would think himself in the backwoods."

Cousin Fannie made no more objections to my plans, but she looked surprised when I said, having found her taking two pies out of the oven Wednesday afternoon, "Oh, we can't have pie! That's really a little too bacchic. A delicate dessert is much more appropriate after a heavy turkey dinner. I'd make that delicious creme renversée with vanilla sauce which I used to eat so often in Paris. Luckily I have a recipe for it."

As we sat down to the Thanksgiving dinner father said: "Now, Blakely, you won't find any of your fancy club dishes here. I know you'd much prefer an old-fashioned dinner."

"Yes, indeed," agreed Mr. Blakely heartily, for of course he could say nothing else.

"What! Oysters?" exclaimed father. Then he looked at me again in surprise when Tilly brought in the soup, but I merely smiled. Then after he had carved the turkey he asked me for the cranberry sauce.

"I thought you'd like this better," I said, pointing to the pretty pink ice Tilly was bringing in sherbet cups.

"Well, I never ate Thanksgiving turkey before without cranberry sauce," he said, trying to laugh, but looking rather grumpy.

"I'm sure the ice is very refreshing," said Mr. Blakely, pleasantly, but I was surprised to see him make a wry face after tasting it.

"Lucie, it's salty!" exclaimed father.

I suppose I must have dipped into the salt jar instead of the sugar keg when I mixed it for Tilly. It's stupid to have salt and sugar on the same shelf. I should think mother would arrange the pantry better.

Mr. Blakely laughed and told a story about a man at the club who, thinking his bouillon was tea, spoiled it with sugar and cream. Cousin Fannie appeared so amused by this ancient yarn that he was encouraged to tell others of equal date. So the dinner passed off pleasantly until Tilly brought in the creme renversée. Father looked at me so reproachfully that I said, "Now, daddy dear, I made this French dessert myself, and I shall be hurt if you don't like it."

With a martyred air father took a spoonful of it and Mr. Blakely began eating his at the same instant. To my astonishment they both gasped and choked. Had not father been so dreadfully angry it would have been almost laughable to see them so red in the face and with tears in their eyes.

"Good heavens, Loclie! This is the hottest stuff I ever got into my mouth," exclaimed father, as soon as he could speak. "It seems to be made of Jamaica ginger."

"Oh, Cousin Fannie," I cried, "you must have told me the wrong bottle when I asked you where the vanilla was. Isn't that too bad?"

"Too bad that we didn't have the regulation pumpkin and mince pies that I promised Mr. Blakely," broke in father, almost savagely.

"Miss Fannie, she baked some," spoke up Tilly, who never can learn that she is not expected to join in the family conversation.

"By George, I'm glad of it," said father. "Bring them on, Tilly. Fannie, you're always on deck at the right moment. You have saved the day, my dear."

Cousin Fannie looked pleased and she grew pink when Mr. Blakely, with rather heavy-lidded gallantry, asked her pointedly if she had ever read Palmer's "The Angel in the House." I should not have thought she would care for a compliment from a silly old back-servant like Mr. Blakely. He is not so interesting as I had at first thought him.

It seems to me that after all my trouble in getting the dinner (which ought to have shown some appreciation instead of saying after our guest was gone: "Well, Loclie, we won't try to undertake company again when your mother's away.")

## FARMERS' SCHOOL AT ENTERPRISE

County Representative Luther Conducts Big Meetings There

Agricultural Representative Luther conducted a two day farmers' school at Enterprise on Saturday and Sunday. The Pabcock test was demonstrated and about a dozen cows were tested and one separator. The use and benefit of the milk scales and milk sheet were carefully explained. Lectures were given on the need of dairy farming in Oneida county, the value of the pure bred sire to the dairy herd, the advantage of the Grade Guernsey cow as a butter and milk, sowing alfalfa, the economy of the silo, and Wisconsin No. 8 corn and market and seed potatoes were discussed. About one-third of the voters of the town were in attendance. The farmers of this town operate a telephone company and show a very wide awake tendency. It will be remembered that Hermar Schoenck was the man from Enterprise who made about sixty or seventy different exhibits at the county fair. He took home about \$62 in prizes. This shows the general worth of the land about Enterprise. A visit to Enterprise will impress any one of the desirability of a farm in that town. This would be a good place for settlers. These Enterprise farmers are a rather fancy lot. A railroad runs right through the town, the large Pelican Lake is right at their door, the little station at Enterprise is a splendid little hamlet, and Enterprise has one of the best schools in the county. With silos, better dairy cattle, and in time a co-operative creamery Enterprise will be one of the most desirable places in the state.

A visit was made to the dairy farm of Frank McLaughlin on Thursday. It would well repay any user of milk in the city of Rhinelander to make a visit. Look at the big herd of cows clean and well kept and well fed. Then look into the barn walls and fittings all white from thorough whitewashing, plenty of litter under the cows and in the gutters, watch the milking process, note the small possibility of dirt getting into the milk, inspect the milking utensils, they are clean and bright. Back of the cows are the milk scales and the milk sheet. Business dairying is found here. A record is kept of every cow. They go to the new milk house and see the milk strained. So clean is the barn process that it would seem that there is little need of straining at all. But the milk is put through two strainers of spotlessly clean cloth and then passes through the air to help cool it. The barn yard is clean and well kept. The cows do not drink out of ditch or slough but from the big tank filled from the well by the windmill and kept warm by a big tank heater. This farm has a big silo and Mr. McLaughlin says that another one will be about the thing. He has used this silo quite a number of years and this is fine testimony for the silo. He could not get along without his silo. At present 21 cows are being milked. In the first fifteen days of December from these 21 cows \$142 were taken in. Right along between \$9 and \$10 a day is the income from the cows. Does dairying pay? Mr. McLaughlin says I do. A visit to this farm will assure any one that Mr. McLaughlin is right. Get into the dairy business.

George Dawes of Tomahawk Lake dropped into the office of the Agricultural Representative last Friday. It will be recalled that Mr. Dawes is the farmer up in the Forest Reserve where it is said the land is not fit for agricultural purposes. Nevertheless Mr. Dawes cleared \$377.49 on his few cattle this last year and has built a new house. He is very enthusiastic about the outlook. He will add to his alfalfa plot next summer and plant No. 8 corn. As this is surely a dairy proposition we may expect a silo on his farm some of these times. He says that good water and lots of it is one of the best dairy foods. He warns his tank with a heater and he says that when he does not build a fire in the heater the cows smell about the tank and heater and look about to see what is the matter. Whether one visits one corner of the county and sees for himself or hears from the opposite corner the testimony is the same: Oneida county is a good farming country and a good place in which to live.

## Plaint of Old Age

Washington Irving didn't enjoy old age more than the other fellows. He sighed one day: "What a pity it is that when we have grown old we can't turn around and grow young again, and die of cutting our teeth!"

## In the Cyclone Belt

"I tell you what," said Gotham, entertaining his western cousin, "everything's so high here it's almost impossible to keep a house going." "Well," replied the Kansan, "the winds are so high out our way it's almost impossible to keep a house from going."—Catholic Standard and Times.

## Lemon Hint

Instead of throwing away hard dry lemons, put them in a pan of hot water and set it where it will maintain about the same degree of heat without boiling for two hours. When taken out and dried the lemons will be as soft and juicy and rich in flavor as though they had never grown hard. —McCall's Magazine.

## To Exterminate Vermine

Mix and let stand for several hours one-half gallon of gasoline and ten cents' worth of corrosive sublimate. Put the mixture into a pint oil-can, with a long spout, and spray into every place where there are bugs. Air the room thoroughly. After a few applications the vermin will have entirely disappeared.

## End of a Noted Folly

The monacle has long since been out of fashion in England, and is soon to disappear from Paris, which has been its last stronghold. It was invented by a Dutch dandy, and its evil effects upon the eye were at once noted by oculists. The monacle first appeared at the congress of Vienna in 1814, when it was worn by its inventor. One folly, at least, has had only about a century of life.

## Even the Chanticleer

Clarence was leaving early Saturday night. The cuckoo had just sounded the eleventh hour. In the back yard the family rooster uttered a maudlin crow. "Clarence," called her father from an upper window, "will it trouble you to step around back of the house and throttle that rooster? He heard the door close and he thinks it's daylight."

### NEW YEAR'S GREETINGS

We have now entered the New  
Year with its hopes and ambitions,  
with its anticipations and uncertain-  
ties, and we can gain nothing from  
the wishes and hopes which the  
new cycle arouses in our minds.

We cannot look a minute ahead,  
but we can look back over the year  
with its results and its disappoint-  
ments. The mistakes that we have  
made in the past, and the errors of  
judgment of which we have been  
guilty—we call these experiences.

Experiences can be turned into a  
valuable asset but the hopes and  
wishes that are before us are in  
no way commercial. Let us then try  
and profit by our experience of the  
past, because these, at least, can  
be turned into dollars, and in wish-  
ing you the compliments of the sea-  
son, we want to wish you all the pros-  
perity for the present year that the  
experiences of the past have framed  
for you.

Yours truly,

Editor Three Lakes Page.

### NEW STATE MAP

Is Most Complete Work of Its Kind  
Ever Issued

The finest map of Wisconsin ever  
issued has just been received from  
the engravers. It shows all the  
roads in the state, and in addition,  
the main travelled roads between  
cities are indicated by heavy red  
lines. This map will be of great use  
to everyone who has occasion to  
drive in any part of the state with  
which he is not acquainted.

The different kinds of rock which  
are to be found under the soil in  
the various parts of the state are  
shown by colors. In one corner of  
the map is a description of each of  
these geological formations, giving  
its general character, thickness and  
the various useful things derived  
from it, such as valuable ores, build-  
ing stone, mineral water, artesian  
water, brick clays, road material  
and other products. In another cor-  
ner is given a list of the elevations  
above sea level of many important  
features of the state.

The map shows the streams and  
lakes in very careful detail. The  
names of all counties, cities, vil-  
lages, towns, and Indian Reservations  
are given, and all are carefully  
brought up to date. All the railroad  
and interurban lines are also shown.

Under special authorization of the  
last legislature copies of this map  
are to be sent free to every school  
in the state by the superintendent  
of Public Instruction. It will be of  
great value to teachers and pupils  
as a reference map of the state.

The map will also be appreciated  
by owners of automobiles, and by  
all persons interested in the building  
of good roads. It is a large map,  
54 inches wide and 62 inches long  
from north to south. The scale is  
six miles to one inch, so a township  
is just one inch square on the map.

Here is a remedy that will cure  
your cold. Why waste time and  
money experimenting when you can  
get a preparation that has won a  
worldwide reputation by its cures  
of this disease and can always be  
depended upon? It is known every-  
where as Chamberlain's Cough Rem-  
edy, and is a medicine of real merit.

IZED ACCOUNT

The county charges and the sev-  
eral special charges against the town  
of Three Lakes seem to look pret-  
ty big in the eyes of many of our  
local taxpayers, and many of them  
are wondering how so many hun-  
dreds of dollars can be justly  
charged against our town for spe-  
cial charges such as illegal taxes, etc.

The question is: "Is there a man  
in our town who has received any  
rebate for illegal taxes during 1912?"  
Possibly there is—but the people  
want to see the amount each one has  
been thus paid.

The special charges making up our  
tax roll seem to be steadily grow-  
ing from year to year, until they  
alone, would make a pretty respecta-  
ble tax roll. It seems, there might  
be a cure somewhere, if an itemized  
account of each individual item was  
presented to the taxpayers, at least  
it would serve as a helping hand.

If it is the state lands that swell  
this special item—perhaps, the town  
of Three Lakes will join the army  
that will present their demands at  
the present legislature praying for  
relief. Nevertheless, let our taxpay-  
ers be open, and let the taxpayers have  
an itemized account of the vast  
amount that is annually charged  
against us, and which we must wash  
out with the sweat of our brow.

Railroads and express companies won a revolutionary decision in the supreme court when it was held that contracts limiting to small sums their liability for loss of shipments were not subject to state laws, but to interstate laws. It further was held that the contracts limiting liability to a small sum, in return for a low rate, were not in violation of the interstate commerce laws, particularly the Carmack amendment. Scores of such contracts have been held void under state laws.

Chicago & Northwestern road officials on Saturday are reported to have closed a deal for the purchase of 1,000 acres of land at the village of Berryville, north of Kenosha. It is said that the land is to be used as a site for the model car shops of the company now located in Chicago. The officials refuse to confirm this report. The land is regarded as one of the best located factory sites on the north shore. It is midway between Kenosha and Racine and about fifty-five miles from Chicago.
